

# SEVMORNEFTEGAZ

## GENERAL DESCRIPTION

A ballastable heavy lift twin barge arrangement. Suitable for transportation of very large objects such as load out of modules. Further useful for ballasting down on seabed locations to hold station for purposes of support of drilling, construction or diving operations.

## PARTICULARS

Type	Heavy Lift Flat Top Barge
Flag	Russia
Port of Registry	Astrakhan
Classification Society	RMRS
Navigation/ Class Notation	K ★ R2-RSN (4.5) Pontoon for transportation services
Place of Build	Setubal Shipyard, Portugal
Owner	<b>Marine Offshore Contractor LLC</b>

## PRINCIPLE PARAMETERS

L.O.A	79.92m
Breadth	35.00m
Depth	15.80m
Minimum Draft	1.40m
Maximum Draft	12.63m
Deck Strength	15t/m <sup>2</sup>
Payload	5,000 tons
Gross Registered Tons	12,234 grt
Lightship Weight	3,600 tons

## ANCILLARY EQUIPMENT

Anchoring:	2 x 4,000kg, Hall's type
- Anchor Wire	42mm, 2 x 375m, 2 x 375m

## CAPACITIES

Ballast	34,000m <sup>3</sup>
